# generations

Buying products close to home supports  
the local economy while keeping our farms  
viable for generations to come.

# Partnering with artisans & merchants from your community.

Visit your neighborhood Hannaford for all your favorite regional products... while discovering some new ones along the way.

<p>"The Close to Home program has played a significant role in the growth of our business by making Wicked Joe Coffee available to a wide range of local consumers. We love that Hannaford proudly labels Close to Home products so that they are easy to spot."</p> <p><b>Kari Guddeck</b></p>	<p>"The Close to Home program has a tremendous impact in the community. There are a lot of people who buy products that are made close to their home, and they know the actual farm that the product is coming from. This helps strengthen the community."</p> <p><b>Ben Fisk</b></p>	<p>"Crescent Ridge Dairy is a third generation home delivery service. We have always been "close to home," and we appreciate growing awareness and support for our business with help from Hannaford Supermarkets."</p> <p><b>Mark Parrish</b></p>	<p>"As more consumers become aware of the origins of their food, it'd be great to see the Close to Home program evolve into an avenue for local producers to team up through food pairing or collaboration displays in an effort to provide customers a unique, well-crafted local shopping experience."</p> <p><b>Drew Vetere</b></p>	<p>"Hannaford has supported Saratoga Chips very well with a number of merchandising opportunities. One of such opportunities is having a retail sales person that works with Hannaford's grocery managers to select the best pricing and display locations for our products. There is no doubt the Close to Home program accounts for much of this incremental support we receive locally."</p> <p><b>Rachelle Boff</b></p>
